Cub Scout Training

Anyone wishing to attend one of these dates please send me an email. If I do not have anyone signed up a week before the dates, the training will be canceled. On the November training dates if any units have 4 to 5 people that wish to be trained I will come to your sight and do the training as long as others can attend the training sessions. If you would like to have the training at your sight please let me know by the Oct. roundtable so I can announce the location.
